

## LIST OF TABLES

Table 1.	Optimal Headwater Stage for Project Canals .....	13
Table 2.	Pulse Release Schedules for the St. Lucie and Caloosahatchee River Estuaries and Their Effect on Lake Okeechobee Water Levels.....	19
Table 3.	Acreages and Percentages of Land Use by County.....	22
Table 4.	Overall Water Demands for 1990 and 2010.....	24
Table 5.	Estimated and Projected Population in the Upper East Coast Planning Area for 1990 and 2010, respectively .....	25
Table 6.	Threatened, Endangered, and Species of Special Concern in Martin and St. Lucie Counties <sup>a</sup> .....	35
Table 7.	Annual Surface Water Deficit Estimates for a 1-in-10 Year Drought Condition .....	40
Table 8.	Environmental Requirements for Some Important St. Lucie Estuary Species.....	60
Table 9.	A Partial List of Fish and Shellfish Collected in Oligohaline Waters.....	63
Table 10.	St. Lucie Estuary Juvenile Fish Species that Utilize Low-Salinity Habitat During the Dry Season (October to May) .....	69
Table 11.	Summary of Flows to the St. Lucie Estuary for the 1965-1995 Period of Simulation for NSM and 1995 Base Case Based .....	75
Table 12.	Monthly Flows to the St. Lucie Estuary for NSM Conditions .....	82
Table 13.	Monthly Flows to the St. Lucie Estuary for 1995 Base Case Conditions .....	83
Table 14.	Representative Data from the GIS Analysis of the North Fork of the St. Lucie River .....	85
Table 15.	Monthly Flows to North Fork as Predicted by Natural Systems Model Conditions.....	89
Table 16.	Monthly Flows to North Fork as Predicted by 1995 Base Case Conditions .....	90
Table 17.	Monthly Flows to South Fork as Predicted by Natural Systems Model Conditions.....	93
Table 18.	Monthly Flows to South Fork as Predicted by 1995 Base Case Conditions .....	94
Table A-1.	List of Natural Flow-Frequency Distributions and the 1995 Base Case Flow-Frequency Distributions Based on 1965-1995 Climate.....	A-8
Table A-2.	Southern Indian River Lagoon Sea Grass (1986 – 1999) and Sea Grass Target Acreage.....	A-10
Table A-3.	Key Sea Grass Change Locations.....	A-10
Table B-1.	A Partial List of Fish and Shellfish Collected in Oligohaline Waters.....	B-5

Table C-1.	Land Use by Secondary Subbasin (unit in acres) .....	C-6
Table C-2.	Summary of Rainfall Data for St. Lucie Basin Simulations .....	C-12
Table C-3.	Rainfall Stations and Weighing Factors Used for Each Basin .....	C-13
Table C-4.	Land Use-Specific Hydrology Parameters Used in HSPF for the St. Lucie Watershed .....	C-16
Table C-5.	Wetland Hydrology Parameters .....	C-16
Table C-6.	Monthly Runoff Coefficients for C-24 Basin Based on Observed Runoff Rainfall Ratio.....	C-19
Table C-7.	Monthly Runoff Coefficients for C-23 Basin Based on Observed Runoff Rainfall Ratio.....	C-20
Table C-8.	Water Budget for the St. Lucie Watershed.....	C-32
Table C-9.	Water Budget for the C-23 Basin .....	C-33
Table C-10.	Water Budget for the C-24 Basin .....	C-34
Table C-11.	Water Budget for Basins 4, 5, and 6.....	C-35
Table C-12.	HSPF Water Budget for the S-153 Basin.....	C-36
Table C-13.	HSPF Water Budget for the South Fork Basin.....	C-37
Table C-14.	HSPF Water Budget for the C-44 Basin.....	C-38
Table C-15.	HSPS Water Budget for the North Fork Basin.....	C-39
Table D-1.	Landscape Definitions .....	D-5
Table D-2.	Monthly Evapotranspiration Coefficients .....	D-10
Table D-3.	Threshold Water Depths .....	D-10
Table D-5.	River Specifications.....	D-11
Table D-4.	Overland Flow Parameters .....	D-11
Table E-1.	Landscape Categories Reported in the Government Land Office Field Notes for Township 36, Range 37 .....	E-15
Table E-2.	Landscape Categories Reported in the Government Land Office Field Notes for Township 37, Range 38 .....	E-16
Table E-3.	Landscape Categories Reported in the Government Land Office Field Notes for Township 38, Range 39 .....	E-17
Table E-4.	Landscape Categories Reported in the Government Land Office Field Notes for Township 40, Range 38 (northern boundary only).....	E-18
Table E-5.	Landscape Categories Reported in the Government Land Office Field Notes for Township 40, Range 38 .....	E-18
Table F-1.	Input Parameters .....	F-5
Table F-3.	Calibration Scenarios.....	F-7

Table F-2. North Fork Discharge Derived from Gordy Road Structure Discharge.....	F-7
Table F-4. Prediction Scenarios for the 1995 Base Case .....	F-9
Table F-5. Prediction Scenarios for the NSM Simulations.....	F-9
